

## Wage and Hour Division, Labor

## §553.211

utilize the section 7(k) exemption which is explained below in §553.201.

[52 FR 2032, Jan. 16, 1987; 52 FR 2648, Jan. 23, 1987]

### §553.201 Statutory provisions: section 7(k).

(a) Section 7(k) of the Act provides a partial overtime pay exemption for fire protection and law enforcement personnel (including security personnel in correctional institutions) who are employed by public agencies on a work period basis. This section of the Act formerly permitted public agencies to pay overtime compensation to such employees in work periods of 28 consecutive days only after 216 hours of work. As further set forth in §553.230 of this part, the 216-hour standard has been replaced, pursuant to the study mandated by the statute, by 212 hours for fire protection employees and 171 hours for law enforcement employees. In the case of such employees who have a work period of at least 7 but less than 28 consecutive days, overtime compensation is required when the ratio of the number of hours worked to the number of days in the work period exceeds the ratio of 212 (or 171) hours to 28 days.

(b) As specified in §§553.20 through 553.28 of subpart A, workers employed under section 7(k) may, under certain conditions, be compensated for overtime hours worked with compensatory time off rather than immediate overtime premium pay.

### §553.202 Limitations.

The application of sections 13(b)(20) and 7(k), by their terms, is limited to public agencies, and does not apply to any private organization engaged in furnishing fire protection or law enforcement services. This is so even if the services are provided under contract with a public agency.

#### EXEMPTION REQUIREMENTS

### §553.210 Fire protection activities.

(a) As used in sections 7(k) and 13(b)(20) of the Act, the term “any employee \* \* \* in fire protection activities” refers to “an employee, including a firefighter, paramedic, emergency medical technician, rescue worker, am-

bulance personnel, or hazardous materials worker, who—(1) is trained in fire suppression, has the legal authority and responsibility to engage in fire suppression, and is employed by a fire department of a municipality, county, fire district, or State; and (2) is engaged in the prevention, control, and extinguishment of fires or response to emergency situations where life, property, or the environment is at risk.”

(b) Not included in the term “employee in fire protection activities” are the so-called “civilian” employees of a fire department, fire district, or forestry service who engage in such support activities as those performed by dispatchers, alarm operators, apparatus and equipment repair and maintenance workers, camp cooks, clerks, stenographers, etc.

[52 FR 2032, Jan. 16, 1987; 52 FR 2648, Jan. 23, 1987, as amended at 76 FR 18856, Apr. 5, 2011]

### §553.211 Law enforcement activities.

(a) As used in sections 7(k) and 13(b)(20) of the Act, the term “any employee . . . in law enforcement activities” refers to any employee (1) who is a uniformed or plainclothed member of a body of officers and subordinates who are empowered by State statute or local ordinance to enforce laws designed to maintain public peace and order and to protect both life and property from accidental or willful injury, and to prevent and detect crimes, (2) who has the power to arrest, and (3) who is presently undergoing or has undergone or will undergo on-the-job training and/or a course of instruction and study which typically includes physical training, self-defense, firearm proficiency, criminal and civil law principles, investigative and law enforcement techniques, community relations, medical aid and ethics.

(b) Employees who meet these tests are considered to be engaged in law enforcement activities regardless of their rank, or of their status as “trainee,” “probationary,” or “permanent,” and regardless of their assignment to duties incidental to the performance of their law enforcement activities such as equipment maintenance, and lecturing, or to support activities of the type described in paragraph (g) of this
